

**Patient Advisory and Acknowledgment
Receiving Dental Treatment During the SARS-COV-2 Pandemic**

While our office complies with the VA Health Department, OSHA, the Centers for Disease Control and Prevention infection control guidelines to prevent the spread of the SARS-COV-2 virus, we cannot make any guarantees. Our staff are symptom-free and, to the best of their knowledge, have not been exposed to the virus. However, since we are a place of public accommodation, other persons (including other patients) could be infected, with or without their knowledge.

To reduce the risk of spreading SARS-COV-2, we have asked you several screening questions below. For the safety of our staff, other patients, and yourself, please be truthful and candid in your answers.

Please answer “Yes” or “No” with your initials, to the following questions and sign below

Do you have a fever? _____Yes _____No

Do you have any shortness of breath? _____Yes _____No

Do you have a dry cough or sore throat? _____Yes _____No

Do you have any other flu-like symptoms? _____Yes _____No

Have you experienced recent loss of taste or smell? _____Yes _____No

Contact with any confirmed COVID-19 positive people? _____Yes _____No

Have you been tested for COVID-19 and are awaiting results? _____Yes _____No

Within the last 14 days:

Have you travelled to any foreign country? _____Yes _____No

Have you travelled within the US? _____Yes _____No

If so, where and please describe the nature of your visit and mode of travel (car/train/plane, large group gatherings etc.)? _____

**Please note that a Yes response to any of these questions could result in a request to reschedule your appointment. If you were exposed to or were COVID-19 positive, proof of a negative COVID test is required prior to your appointment.*

I am aware of the increased infection control cost of \$20 per appointment during this pandemic. I will also report any signs or symptoms of COVID-19 within the next 14 days following this appointment.
